RIGGING SERVICE AT FIRA DE BARCELONA

Espais i Acrobàcia gives the possibility of contracting the installation of the elevation device (manual or electric motors), truss and lighting for your stand illumination.

Due to the obligation to contract the hanging points with the Fira de Barcelona official supplier, **Espais i Acrobàcia** will process the installation of the fixing points with no added cost.

RATES:

ELEVATION DEVICES

Number of Points	Hanging point + safety + Manual Motor	Hanging point + safety + Electric Motor

- Electric box not included. Exclusive booking at ServiFira.
- Any blown lamp will be replaced in a maximum term of 24 hours, if it can be reached.
- One shining per lamp included, others will be separate invoiced.

GENERAL TERMS

- Those orders with any requested information still to be delivered will not be processed.
- This rates don't include VAT tax and are valid for those quotations accepted 8 days before the official start of the stand building.
- Check rates for bookings after this deadline.
- This rates include delivery and collecting transport, assembly and disassembling.
- Have in mind that in some cases, the location of the stand might entail the need of a pre-rigging structure installation, or the impossibility of hanging anything from the ceiling.
- **Every suspended element must accomplish with the current regulations about certifications of materials, clothe ceilings, wooden elements,...**
